# WORDS INTO ACTION GUIDELINES ON DISASTER DISPLACEMENT

## - HOW TO REDUCE RISK, ADDRESS IMPACTS AND STRENGTHEN RESILIENCE

**ONLINE PRESENTATION AND Q&A** AT THE OCCASION  
OF THE INTERNATIONAL DAY FOR DISASTER RISK REDUCTION

**#ItsAllAboutGovernance #DRRday**

How can displacement considerations be integrated into disaster risk reduction (DRR) policy and practice to improve risk governance?

This online presentation and Q&A session will identify key issues related to disaster displacement and the tools available to address displacement risk in DRR strategies. The event will focus particularly on the *Words into Action Guidelines on Disaster Displacement - How to reduce risk, address impacts and strengthen resilience*.

With this year's International Day for DRR focusing on Target (E) of the Sendai Framework for DRR 2015-2030 on increasing the number of countries with national and local DRR strategies, the event aims to support DRR practitioners to develop holistic DRR strategies.
