

Platform on Disaster Displacement (PDD) Strategy 2024-2030
Annex II: Logical Framework on Outcomes and Outputs

Strategic goal	States and other Stakeholders are supported to strengthen the protection of people displaced in the context of disasters and the adverse effects of climate change, and the risks of disaster displacement in countries of origin are prevented or reduced.				
Outcomes based on Strategic Priorities	I. The implementation of measures to protect cross-border disaster-displaced persons is enhanced. II. The management of the risk of disaster displacement in climate action, disaster risk reduction and sustainable development is enhanced. III. Public policies on planned relocation; as well as on internal disaster displacement and finding durable solutions are enhanced.				
Intermediate outcomes	1. Coherent implementation of relevant policies at the global and regional levels strengthened. (Coherence and integrated implementation)	2. Relevant policy and normative gaps in the prevention of disaster displacement and the protection of disaster displaced persons addressed. (Policy and normative development)	3. Institutional capacity to implement effective practices and public policies enhanced. (Capacity building and training)	4. Evidence and knowledge on disaster displacement and its impacts enhanced. (Evidence & knowledge)	5. Awareness on disaster displacement increased and information shared. (Awareness & information sharing)
(Expected) Outputs	1.1 Policy dialogues organized and evidence-based advocacy on disaster displacement presented to policy- and decision-makers. 1.2. Technical and policy input provided in relevant global and regional policy processes on human mobility (IMRF, GRF, GFMD, IDM, HC Protection Dialogue, Cartagena +40, RCPs). 1.3 Technical and policy input provided to relevant global and regional policy frameworks on disaster risk reduction and climate change (UNFCCC, Sendai FW). 1.4 Technical and policy input provided to the SG’s Action Agenda on internal displacement and other relevant mandates. 1.5 Support provided to the processes for the post-2030 Sustainable Development Agenda.	2.1 Development of relevant new public policies and norms supported, at the national level. 2.2 Development of relevant new policies and norms supported, including soft laws and human mobility frameworks and protocols, at the regional level. 2.3 Development of policy and soft law supported regarding disaster displacement, at the global level. 2.4 Development of guidance/ guidelines on the application of relevant existing international standards and norms supported.	3.1 Standard Operating Procedures and Guidelines for Admission and Stay developed/implemented at the regional level. 3.2 Regional projects and programs supported/implemented. 3.3 Relevant technical support provided at the national and regional level. 3.4 Training and capacity-building on disaster displacement provided.	4.1 Exchange of practices and dialogue on research, data and knowledge organized. 4.2 Policy, normative and knowledge gaps researched/ analyzed. 4.3 Conceptualization and understanding of key concepts promoted.	5.1 Information and knowledge about PDD and disaster displacement developed and disseminated.
