

# FROM RISK TO RESILIENCE:

## ADDRESSING HUMAN MOBILITY AND CLIMATE CHANGE IN THE IGAD REGION

 IGAD Pavilion No. D9, Blue Zone

 15 November 2024

 12 - 13:30 pm

This side event seeks to showcase how the evolving regional initiatives have contributed at minimizing the adverse drivers and structural factors that compel people to leave their country of origin, while also facilitating safe, orderly and regular migration, in the context of disasters, climate change and environmental degradation in the IGAD region.

In particular, the side event will explore the successes and lessons learnt of the Migration Multi-Partner Trust Fund Joint Programme (2021-2023) on "Addressing Drivers and Facilitating Safe, Orderly and Regular Migration in the Contexts of Disasters and Climate Change in the IGAD Region" implemented by IGAD/ICPAC, IOM, ILO, PDD, and UNHCR.
